Typically, your bank or financial institution automatically updates any changes made to your card details, saving you the hassle of doing it yourself. However, there are times when this automatic update may not happen. If that's the case, you must manually update your payment method on your iPhone or iPad.

Note that if you have an active subscription or are a Family Sharing organizer, you need to add a new card first before you can change the default payment method on your iPhone or iPad. Similarly, you need to pay any pending charges before you can update your payment method.

- 1. Open **Settings**  $\rightarrow$  Tap [your name].
- 2. Select Payment & Shipping.
