A slideshow is a perfect way to organize your photos and view or show them to someone. The Photos app on Mac makes it super simple to do this. Moreover, you can select a theme and text, music, etc. to customize it your way. Just follow this step-by-step guide to learn how to create a slideshow on Mac.

- How to Make a Slideshow on Mac
- Add or Remove Photos in a Slideshow on Mac
- <u>How to Play an Instant Slideshow on Mac</u>

## How to Make a Slideshow on Mac

- 1. Open the **Photos app** on your Mac.
- 2. Click on **File** at the Menu bar and scroll down to find **Create**.
- 3. In **Create**, Go to **Slideshow** and then click on **Photos**.

4. Enter the Slideshow Name and click on OK.

	Years	Months	Days	All Photos	I di
8 – 25 Sep 2	Create new Slide	eshow			
/astrapur	Slidesh	now: New Sl	ideshow	0	
	Slideshow Na	me: Slidesh	ow 2		
-			Cance	е ок	PORTRAIT
<b>D</b>			Fier	iksh (	iceaksu
			P		P

5. Select and add photos in the slideshow and click on **Add**.

Your Slideshow will be created.

### **Reorder Photos in Slideshow**

For **Reorder photos** drag and drop slides in the slideshow.

## igeeksbl@g

### **Change or Select a Theme For the Slideshow**

There are total **Seven Themes** to choose for Slideshow project.

List of Slides themes,

- Ken Burns (pan and zoom effect)
- Origami
- Reflections
- Sliding Panels
- Vintage Prints
- Classic (by default set)
- Magazine

Click on **Theme Picker** button in the Photos app and then select a theme from the list.

#### Add Music to a Slideshow

Click on **Music** in Photos app and select music from Apple **Music** (iTunes) or using built-in **Theme Songs** in Slideshow.

### **Change Duration Settings For Slideshow**

- 1. Fit to Music To set the slideshow according to the length of the selected music.
- 2. **Custom** Set a particular display time for the slideshow and adjust the slider as per your needs.

- 3. **Transition** You can set a transition for the slideshow and choose the type of transition.
- 4. **Scale photos to fit screen** As per the name, you can set the slideshow fit to the screen.

#### Add Text to Slideshow

After selecting a photo, Click on the **'+'** icon at Photos app (bottom right corner) and Click on **Add Text.** 

#### Add the Created Slideshow to Favorites

At the Menu bar, Choose Image and click on Add to Favorites.
