Purchased an app or subscription but don't want it to appear in your App Store history? I have been there too. After all, we often make private purchases we don't want others to see, especially if we share our purchases with family members. So, in this article, I'll show you how to hide apps from the Purchase history of your App Store on iPhone, iPad, and Mac.

# Hide purchases from App Store on iPhone, iPad, or Mac

The steps to hide purchases on iPhone and Mac are quite straightforward. I have detailed them below:

#### On iPhone or iPad

- 1. Launch App Store on your iPhone.
- 2. Tap your **profile** icon.
- 3. Access the **Purchased** option. Locate the app you seek to hide the purchase history for.
- 4. Swipe the app to the left until the Hide option appears.
- 5. Tap **Hide** to conclude the process.
