Best Apps to Download Free Books on iPad and iPhone

Apart from the native Books app on your iOS device, there are several websites and third-party apps that offer free eBooks to read.

- [Kindle from Amazon](#)
- [Libby by OverDrive](#)
- [Wattpad](#)
- [NOOK](#)
- [Kobo](#)

1. Kindle from Amazon

Although not all the books are for free in Kindle, this immensely popular Amazon book reader has a massive library of free eBooks.

With your Amazon Prime or Kindle Unlimited account, you can download many eBooks on your device for offline reading. Kindle has a smooth interface, just like Apple's Books app.

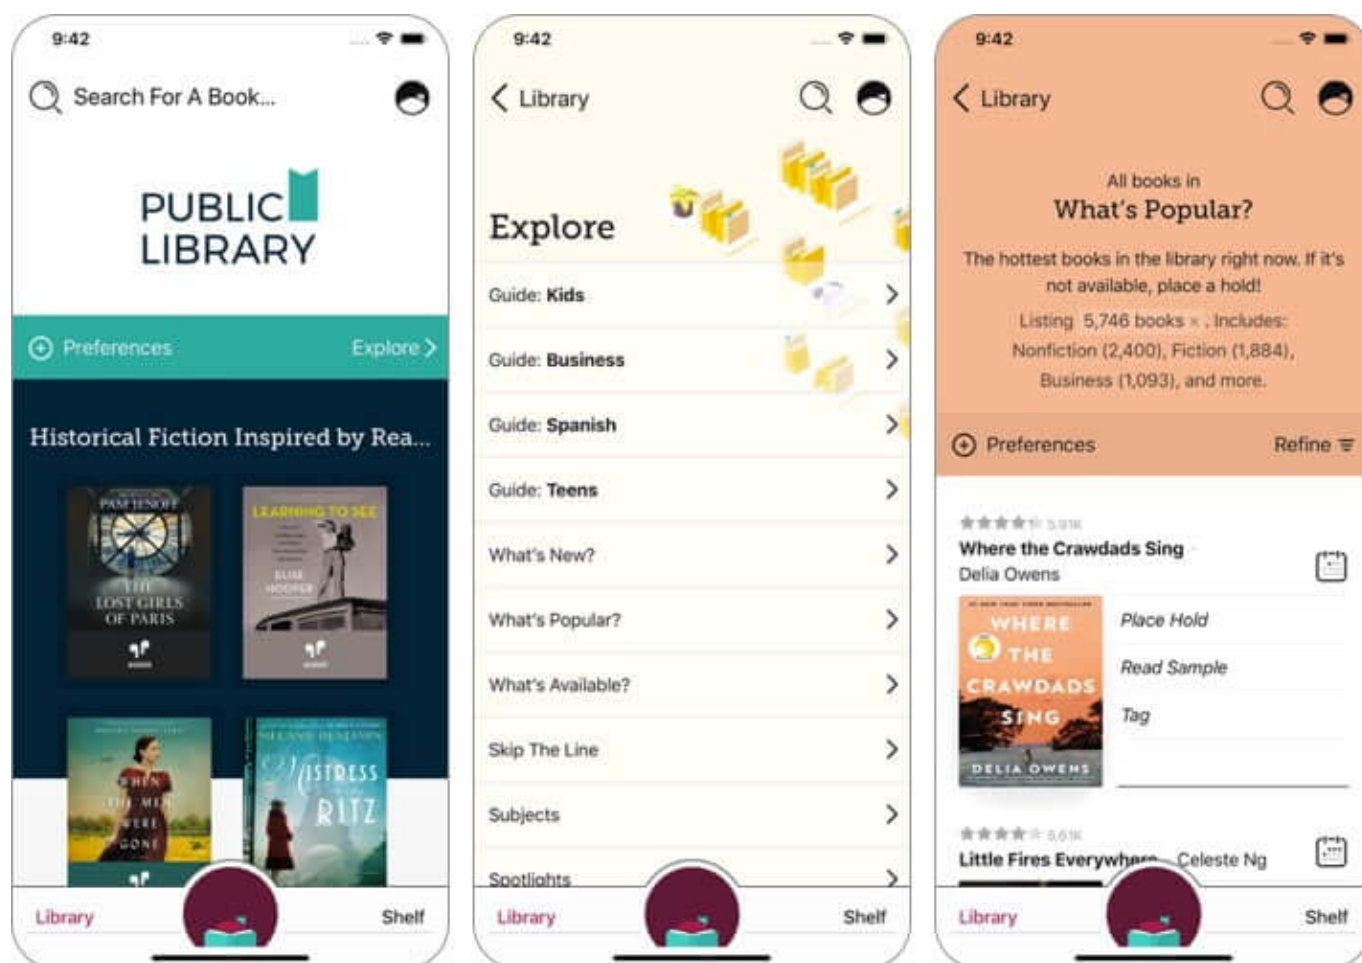

It is divided into four parts: Home, Library, Discover, and More. Your browsing will be limited to the first three buttons, though. Discover books, download, and read them from the Library section. The app will keep adding new titles to the Home.
